```
olaqase93 #> echo [!DP]*  
zsh: event not found: DP]
```

Este comando no funciona ya que estoy empleando una zsh y la exclamación la interpreta como un evento de historial. He intentado usar las comillas simples o dobles pero tampoco me ha funcionado.

```
olaqase93 #> echo '[!DP]*'  
[!DP]*  
  
olaqase93 #> echo "[!DP]*"

```

Pasa lo mismo con este otro.
